is granted authorization according to STANDARD 100 by OEKO-TEX®
 to use the STANDARD 100 by OEKO-TEX® mark based on our test report 58026 146557.1

for the following articles:
 Textiles made of cotton/spandex woven fabric, bleached, pre-dyed in a limited range of 4 (blue) and 7 (red) dyes and finished, including accessories (100% water-soluble sewing thread, metal shank button, zipper, PES woven label, PES printed label, 100% PES elastic band, PE hook and loop fastener, POM rings, reflective fabric or silver grey/gray) based on material pre-certified according to STANDARD 100 by OEKO-TEX®

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, Appendix 4, product class 0 have shown that the above mentioned goods meet the microbiological requirements of the STANDARD 100 by OEKO-TEX® presently established in Appendix 4 for products with direct contact to skin.

The certified articles fulfil requirements of Annex XIV of REACH (and the use of all substances, total release, etc.), the American requirement regarding total content of lead in children's articles (CPSC), with the exception of accessories made from glass and of the Chinese standard GB 18401-2010 (labeling requirements were not certified).

The holder of the certificate, who has issued a conformity declaration according to ISO 17001, is under an obligation to use the STANDARD 100 by OEKO-TEX® mark only in conjunction with products that conform with the sample tested. The authority is notified by audit.

The certificate 58026 146557.1 is valid until 31.10.2019
